

Amendments to the Specification:

Please **delete** the paragraph beginning on page 7, line 1, which starts with "Figure 4 is front", and which ends on page 7, line 2.

Please **replace** the paragraph beginning on page 7, line 3, and which ends on page 7, line 4, with the following amended paragraph:

Figure 4A is a perspective interior view of the headliner of a motor vehicle showing the over-head mounted central vacuum ~~of Figure 4~~ according to the present invention.

Please **replace** the paragraph beginning on page 10, line 13, and which ends on page 10, line 22, with the following amended paragraph:

~~Figs. 4 and 4A illustrate~~ Fig. 4A illustrates another alternative embodiment of a vacuum arrangement according to the invention. In this embodiment, the vacuum cleaner assembly 28 is mounted in an overhead console 50 on the vehicle ceiling 18. The reel 34 is mounted within the console 50 and the suction nozzle 30 is mounted to a face 52 of the console 50 for accessibility by the driver within the reach zone 16. The mount is preferably a snap fit or a socket that will receive and retain the suction nozzle 30. Operating switches can be located on the face 52 of the console 50, or on the suction nozzle 30. The switches can also be conveniently located elsewhere in the reach zone 16, such as on the dashboard or on the driver's door. A crevice tool 80 and other attachments are removably mounted in recesses in the overhead console 50.

Please **replace** the title with the following amended title:

SYSTEM OF VACUUM ACCESSABILITY ACCESSIBILITY FOR A VEHICLE

Please **replace** the paragraph beginning on page 15, line 19, and which ends on page 15, line 26, with the following amended paragraph:

While the invention has been specifically described in connection with certain specific embodiments thereof, including the best mode contemplated by the inventor at the time of filing, it is to be understood that these embodiments are provided by way of illustration and not of limitation, and the scope of the claims should be construed as broadly as the prior art will permit. ~~It should further be understood that the present application is a provisional application and that the applicant does not intend to limit the claims which may be introduced in one or more non-provisional application based hereon to those similar to the appended exemplary claims.~~
